PRINCIPALS MESSAGE

Kia ora koutou

This week the final proofreading of student mid-year reports has been done so they will be ready for printing on Monday and we expect to send them home on Tuesday. Bookings for parent conferences with teachers being held on Thursday 30th July, will be open at the start of Term 3. Tammy will be in touch then with details about this. Conferences are a chance for you to receive more detailed information on how your child is doing or to discuss any concerns you have. Time slots will be available from 2pm-7pm. As usual, if that date is not going to work for you, please contact Miss Price or Miss Byrne to organise another time that suits you both.

We had amazing weather at the Interschool Orienteering Day run by Aria School last Friday - people were racking their brains to think when the last time this event has had sunshine! I also thought Rangitoto kids were amazing on the day - there were so many examples of our students working together to complete their maps and to support those yet to finish. A huge well done to all who attended for both effort and sportsmanship.

Our focus this week is around completing student Science projects, printing out all the data and setting up Science boards for the Science Fair next week. Such an interesting range of projects students have been working on and it has been great to see their engagement with different experiments and learning around their chosen topics. I will be packing all the boards up on Monday after lunch to deliver them to Aria Hall ready for judging the following day. Hopefully you all received the notice about our whole school trip to the fair on Wednesday. Please get in touch with us if you haven't as permission/transport forms are due back on Monday.

We have a busy few days ahead before Term 2 ends with not only the Science Fair but our annual Matariki Sleepover happens on Thursday night after the special Matariki Community Event happening from 4-6pm that same day. Miss Byrne and Miss Price have put in lots of thought and effort into making that an awesome event so we are looking forward to the wider community joining us to celebrate Matariki. Please make sure you have returned the sleepover permission notice so we can confirm student attendance and also know how many people will be coming for dinner, helping with eeling or wanting to stay overnight. It will be such a lovely way to end the term. Staff and students alike are very much looking forward to a fun last couple of days before a well earned rest after a long and very busy term. I look forward to catching up with many of you next week but for those I don't, have a lovely July holiday period and see you again next term.

Heather Dallas
Principal
Rangitoto School

STAR SEARCH

The juniors delighted us with their mini production of Star Search, a play about a missing star at Matariki. We were excited to share this special performance with the preschool children.
